

MYSIDELINE

RELEASE NOTES 2.22.2

31/03/2022

What's new, MySideline?

- Highlight of this release is the injury and suspected concussion reporting!
- The injury report form will automate a player unavailability if 'suspected concussion = yes' & 'injury report form = completed'. The return of this participant will then be managed in MySideline Admin Competition Cases - MySideline Association Admin.
- The concussion questions are included in the Injury Report Form.

What did we fix / enhance?

- Download the MyLeague App today to view the change from the NRL Facebook newsfeed to the [nrl.com/community/news](https://www.nrl.com/community/news).
- An additional look & functionality enhancement has been added to club Squad Management non-player on mobile device and training attendance sheet to save.
