

MYSIDELINE

RELEASE NOTES 8.22.1

26/09/2022

What's new, MySideline?

- Providing discount codes for programs - MySideline Admin.
- Club Admin to be able to export a report for each of their teams and the fixture information if set to display and not hidden - MySideline Admin.
- Display an "Awaiting Participant Registration" status for the 'Participant' post approval and prior to registration into "To" Club - MySideline Admin.
- As a club administrator, I can re-trigger the Clearance finalisation notification so that I can remind the participant to complete the process if they haven't already done so - MySideline Admin.
- A new "Awaiting Participant Registration" status is added to clearance permit filters. When I select that filter, I can only see the clearance permits data which has status as "Awaiting Participant Registration" - MySideline Admin.
- Super Admin able to restrict what Program Types display for which Game Dev Regions - MySideline Admin.

What did we fix / enhance?

- Bug affecting the Saleable Items Report duplicating rows per registration ID has been solved - MySideline Admin.
- Bug affecting the program contact display on the program registration cards has been solved - Play Rugby League website.
