

## **INCREASE THE NUMBER OF PLAYERS WHO ARE BETTER EQUIPPED TO PURSUE THE PERFORMANCE PATHWAY**

- Nurture players' socio-emotional, physical, technical, & tactical skills appropriate to age, skill and aspiration.
- Enhance player development outcomes to increase the number and quality of elite players in the system
- Deliver an appropriate balance of deliberate play and practice activities to optimise longer term development and performance.
- Provide aspirational players the opportunity to elect into the performance pathway
- Offer multiple entry points designed to accommodate variances in stages of maturation and late developers.
